

English as a Second Language Programs

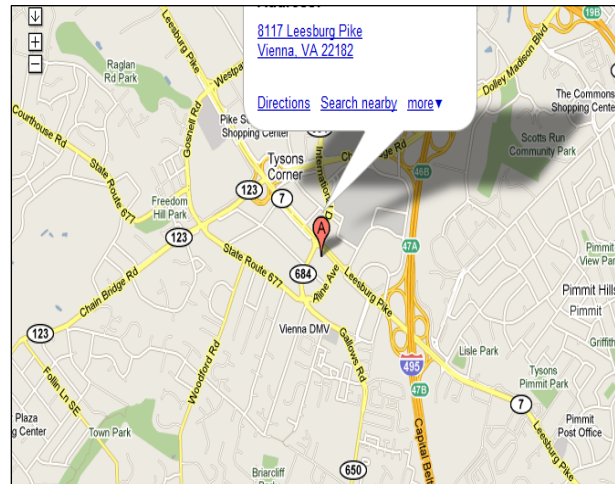

The University of North America, a local university with an international reach, prepares individuals for personal and professional success. In addition to programs in business administration and technology, the university offers high-quality ESL, TOEFL preparation, and Business English, and cultural enrichment programs through its Brydon English Language Institute.

Co-operative Education and CPT Programs for American and International Students

In order to maximize learning, students may participate in a co-operative education program which allows them to earn while they learn. Students are helped with job placement and work in a position that is directly related to their education. University staff members provide the link between the school and the work site to help ensure a successful learning and earning experience for each student.

WHERE WE ARE LOCATED...

UoNA is located at 8117 Leesburg Pike, Suite 201 in Vienna, Virginia. The University of North America is just a short bus ride from the Dunn Loring Orange Line Metrorail (subway). You can take either the Fairfax Connector 401 or the T2 Metro bus. Both stop in front of our building at the intersection of

Master of Business Administration

To succeed in the fast-paced world of international business, the Master of Business Administration degree is foundational. Meld this degree with real-world experience while in school and the graduate is ready to succeed in business, government, or the not-for-profit world. UoNA offers this special combination.

The UoNA MBA provides both a solid common foundation and individually-selected electives to permit each student to meet his or her unique career needs. The program consists of 36 credit hours including a capstone project that allows you to document what you have learned.

For a jump start on success, try the UoNA MBA.

Doctor of Business Administration

The Doctor of Business Administration degree is internationally recognized as the ultimate degree for practicing managers. At UoNA, students are able to earn this degree while gaining valuable experience in business or government. The UoNA program blends the latest in managerial and economic theory with direct application to the international marketplace.

All UoNA doctoral faculty hold advanced degrees and have experience as executives in major corporations, not-for-profit enterprises, or government.

For students without an academic background in business or economics, UoNA offers a set of foundation courses designed specifically to build the competencies required for success. Whatever your background, the UoNA DBA is the degree of choice for career success.

Education that transforms

Master of Science Information Technology or Master of Science Computer Science

Nothing changes as rapidly as the world of technology, and no programs prepare you as well as those at UoNA. Students who wish to learn the best applications of technology for business today will choose the MS in Information Technology degree.

Students who want to be at the forefront of computer science will select that degree. Faculty members bring both advanced graduate degrees and real-world experience to the classroom.

With a UoNA degree, you will be prepared for an ever-changing future.
